

About us:

Digital currencies are on the rise all around the globe. Our mission is to make digital currencies usable in everyday life. cryptix AG is a start-up company in the field of FinTech that is offering numerous opportunities, an international environment as well as research and development. We want to enable every consumer and especially every small and medium-sized company to benefit from this entirely new and extremely innovative industry.

To strengthen our team based in **Zug, Switzerland**, we are currently seeking, at the earliest possible date:

.net & Blockchain/DLT Software Engineer (m/w)

What to expect:

- Full-time permanent position in a trendsetting industry
- A young, dynamic team with great ambitions
- International activity bearing huge future prospects
- Development potential in a young and fast-growing company
- Challenging and exciting tasks
- Take responsibility beyond your own area
- Flexible working hours and good work-life balance

Your tasks:

- Evaluation/Research in the area of Blockchain and related Technologies (DLT)
- Conception and (further) development of DLT solutions of solutions based on DLT
- Integration of existing DLT solutions
- Analysis and integration of new technologies and architectures
- Realization of frontend and backend solutions based on .net/Azure

Your tasks are predominantly of a technical nature and involve a high proportion of research. You are open to new technologies and want to actively deal with them. In addition to the technical components, you are solution- and team-oriented.

Your profile:

- Great self-interest in blockchain, DLT and cryptocurrencies
- First experience in blockchain, DLT and cryptocurrencies
- Several years of professional experience in IT and software development
- Profound knowledge of the Microsoft Ecosystem (C #, ASP.NET, Web API, Azure, ...)
- Very good knowledge of object-oriented programming
- Associate Degree or higher in a related field or equivalent professional experience
- Very good German and English skills

CRYPTIX

You can expect a very exciting job in an industry that is just emerging, where you will be working internationally with teams from the most diverse disciplines. We offer personal development opportunities, and can give you the unique chance to make a contribution to shaping an international ecosystem!

The Internet of Values – Join the revolution!
